

Proposals for
“Member of the ISEKI-
Food Academy” or
“ISEKI-Food PhD Award”
should be:

Submitted by Coordinators of ISEKI-Food Association (IFA) Working Groups, ISEKI-Food Academy members and other recognised entities, and are approved by the Board of IFA.

Nomination (proposals) of persons to the Academy is an important activity which will be carried using an online form at the IFA website.

Criteria for becoming a
“Member of the ISEKI-
Food Academy” or
“ISEKI-Food PhD Award”

A candidate will be evaluated based on their:

- Work experience and activities conducted in the food industry in their own country and internationally
- National and international professional reputation
- Published works, taking into account the nature of their employment and opportunities for publication
- Contribution to their profession as a food scientist/technologist and/or the overall success of the ISEKI_Food Association (IFA)

Candidates should be active professionally but not necessarily in full-time employment

“We all have dreams. But in order to make dreams come into reality, it takes an awful lot of determination, dedication, self-discipline, and effort”

Jesse Owens

The **IA (ISEKI_Academy)** is an internal body of **IFA (ISEKI_Food Association)** created to recognize outstanding achievements of scientific and technical expertise. The Academy acts also as advisor to IFA.

Objectives:

- to recognize and identify individuals with high reputation, especially from the ISEKI_Food Network for their outstanding contributions to the integration of Food Science and Engineering Knowledge into the Food Chain,
- to promote international integration and Exchange of information, also from other sciences of importance for the ISEKI_Food Network,
- to provide recognition to individuals who have supported international education and training in the field of Food Science and Engineering Knowledge,
- to promote scientific endeavor and encourage communication, discussion and interaction with similar groups,
- to identify individuals for their highly distinguished PhD studies

ISEKI_Academy Members:

Augusto Medina, SPI, Portugal (since 2011)

Elisabeth Dumoulin, Agroparistech, France (since 2011)

Klaus Guthy, Germany (since 2011)

Saverio Mannino, University of Milan, Italy (since 2011)

Harris Lazarides, Aristotle University of Thessaloniki, Greece (since 2011)

Helmut Glattes, Austria (since 2011)

Cristina L.M. Silva, Univ. Católica Portuguesa, Portugal (since 2011)

Gerhard Schleining, BOKU - University of Natural Resources and Life Sciences, Vienna, Austria (since 2014)

Kristberg Kristbergsson, Faculty of Food Science and Nutrition, University of Iceland, Iceland (since 2014)

Marco Dalla Rosa, University of Bologna, Italy (since 2014)

Margarida Vieira, Food Engineering Department, University of Algarve, Portugal (since 2014)

Paola Pittia, Faculty of Bioscience and Technology for Food, Agriculture and Environment, University of Teramo, Italy (since 2014)

Paul Singh, University of California, USA (since 2014)

Paulo Sobral, Faculty of Animal Science and Food Engineering, University of São Paulo, Brazil (since 2014)

Richard Marshall, Bath SPA University, UK (since 2014)

Rui Costa, IPC – Instituto Politécnico de Coimbra, Portugal (since 2016)

Jesus Frias Celayeta, DIT – Dublin Institute of Technology, Ireland (since 2016)
