

Dear Colleagues,

The Scientific Committee of 2nd UNIFOOD Conference –UNIFOOD2020 has decided to postpone the date of Conference until September 2021. We are sorry that we had to take this decision, but the health risk posed by the COVID-19 is still high and unpredictable.

We would like to thank all colleagues who have already registered and sent abstracts for their trust. The Abstract can remain for the next Conference date or can be withdrawn by individual request.

The website of UNIFOOD Conference remains active, and all information will continue to be published there.

We hope that this pandemic will be over soon and you and your family will remain healthy.
