CERTIFICATION OF SHORT COURSES

## AIMS OF EQAS-FOOD

- To provide a knowledge base to inform educational qualifications in Food Studies in the European Higher Education Area
- To drive the certification of the field of Food Science and Technology (first and second degree) and of each individual programme, by defining the goals and challenges related to the capacity to deliver Science and Technology education and advance the standing of this field
- To contribute to the increasing efficiency of programmes in the achievement of national and regional demands in high level education in Food Science and Technology by assuring the judicious opinion of an appraisal panel on the strengths, weaknesses and overall performance of such programmes
- To facilitate recognition of degrees awarded in Food Science and Technology in higher education in accordance with EU Directives and other international agreements
- To facilitate the mobility of students and professionals in the field of Food Science and Technology
